Your home is your haven—the place good memories are made, and families and love nurtured; the place you find rest. It may be a country home or a city apartment. No matter the size or address, your home is where you recharge from a hurried world.

Your home décor should reflect what you care about. We know you could buy home décor from virtually every store you visit. But we believe Country Village offers you lasting value:

FIRST, QUALITY IS OUR TOP PRIORITY. We choose only those products that are built to last. For every single product we carry, we have literally considered hundreds of others. We believe whole-heartedly in every product we sell and test each in our own homes.

SECOND, WE ARE COMMITTED to bring you cutting-edge style you just can’t live without! We find the very best in current country décor and never settle for less.

THIRD, WE FOLLOW THE GOLDEN RULE! We appreciate you and will treat you as we would want to be treated. Good old-fashioned customer service ~ hard to find in a “throw-away” world, but you’ll find it with us.

Come on home to Country Village!

Named in honor of Martha Moore Ballard--a midwife, medical recorder, and candle maker in late 18th-century America--1803 Candles are crafted with the same care Martha described in her diary in which she recorded the making of tallow candles; often dozens every day. Today, 1803 Candles bring to mind the memory of simple times and a woman whose care for others made her a hero to friends and family.

# DRESS YOUR WINDOWS!

With a kaleidoscope of style & pattern options, we can dress every window in your home!

**VALANCES** are easy and inexpensive to switch out for the season! Use alone or pair with tiers, panels, swags, and even prairie swags. Our valances measure 60" to 72" wide and vary in depth from 11" and 16".

**TIERS** provide added coverage and compliment our top treatments. Tiers can even be paired with a second set of tiers top and bottom for a café look! Sold in pairs that measure 72" wide and either 24" or 36" long.

**FISHTAIL SWAGS** create a formal look for your window. Use alone or pair with tiers for more coverage and privacy. Fishtail swags measure 145" wide and 25" long for use on window widths up to 84".

**SWAGS** give windows a beautifully soft top silhouette! Use alone for a simple look or easy seasonal change. Pair with tiers for more coverage. Our swags are sold in pairs that measure 72" wide and 36" long.

Treat an unusual window shape or just "break out of the box" with these fresh window covering solutions!

Sheer 84" panels hung flush with window frame to allow for "puddling"

One 84" panel for a narrow single window

**PRAIRIE CURTAINS** Prairie swags combine the best of two worlds, offering the coverage of a panel with the more casual look of a swag, and a sweet vintage look to boot. Gathered with an adjustable drawstring for use up to 48" wide. Sold in pairs that measure 72" wide and 36", 57" or 63" long.

**PANELS** offer a traditional look with full coverage for your windows. Use alone or pair with a valance on a wide or double window. Sold in pairs with coordinating tie backs, and measure either 63" or 84" long.

## CHOOSING YOUR WINDOW TREATMENT

- 1 First, determine the shape, drape and coverage you'd like for your window. Measure your windows and consider the quality of light you'd like for your room.
- 2 Second, search for the perfect fabric! Below each fabric swatch on the following pages, is a quick color reference and a list for each style available in that pattern.
