

Country Village™
WINTER 2014 SHOPPE

Coming home.
Make it the best feeling on earth.

Your home is your haven—the place good memories are made, and families and gardens grow; the place you find rest. It may be a country home or a city apartment. No matter the size or address, your home is where you recharge from a hurried world.

Your home décor should reflect what you care about. We know you could buy home décor from virtually every store you visit. But we believe Country Village offers you something of lasting value:

FIRST, QUALITY IS OUR TOP PRIORITY. We choose only those products that are built to last. For every single product we carry, we have literally considered hundreds of others. We believe whole-heartedly in every product we sell and test each in our own homes.

SECOND, WE ARE COMMITTED to bring you cutting-edge style you just can't live without! We find the very best in current country décor and never settle for less.

THIRD, WE FOLLOW THE GOLDEN RULE! We appreciate you and will treat you as we would want to be treated. Good old-fashioned customer service ~ hard to find in a "throw-away" world, but you'll find it with us.

Come on home to Country Village!

Mother and Daughter, first;

We are proud to be one of the few country décor companies to still maintain a "brick-and-mortar" store for walk-in trade. We believe in keeping people employed, and we display and test our products in the "real world." The items you see in this catalog represent just a small portion of what we carry in our physical store and our online store! Please call us with any questions or special orders at 888-380-1799. You'll talk to a real person who can give you real answers.

1803 JAR CANDLES

100% soy candles in creamy white to match any decor, in 39 premium scents. We dare you to pick just one!

Named in honor of Martha Moore Ballard—a midwife, medical recorder, and candle maker in late 18th-century America—1803 Candles are crafted with the same care Martha described in her diary in which she recorded the making of tallow candles; often dozens every day. Today, 1803 Candles bring to mind the memory of simple times and a woman whose care for others made her a hero to friends and family.

Each 14 oz. candle is contained in a glass canning jar with a flat black two-piece lid. Just unscrew the ring, place the candle on the lid center, light the candle and screw the ring back on! **Burns for 80-90 hours.**

1803 JAR CANDLE 14 oz., choice of scents below \$ 19.95

100% soy—biodegradable, clean burning (no more soot!), grown in the USA, and safe for the environment.

STAIN PROOF

We dare you to stain this rug.
You won't—guaranteed!

Our Stain Proof rugs are perfect for kitchens, walkways, bathrooms, patios, decks, anywhere kids play or pets enter the house—indoors or outdoors.

The guarantee is simple—if you stain your "Stain Proof" rug and can't get it out with a power wash, we'll replace it! Stains simply wash away with water—within minutes, virtually any stain you can imagine will disappear. For quick stain removal, simply blot with a little water. For tougher stains or overall clean, spray with a pressure washer. These rugs will air dry in minutes and will not mold or mildew.

CLEAN UP IS A SNAP!

WOOL, COTTON, JUTE, STAIN PROOF, PENNY, HOOKED—HOW TO CHOOSE?

Choosing the right rug material can seem tricky, but asking yourself a few simple questions can help narrow it down:

1. Will this rug be outdoors or in a high traffic area? Order our guaranteed **Stain Proof**.
2. Do you prefer a rug constructed of braided fabric? Go with **Cotton**. Want braided natural fiber yarns? Go with **Wool**.
3. Looking for lower cost, lighter weight or naturally muted colors? Choose **Jute**!
4. Want a handmade look or a colorful focal point for your room? Our **Hooked** or **Penny** rugs give you a custom look at a fraction of the price.

PENNY

Penny rugs were first invented in the 1800s using the original penny as a dye to cut out felt. Our penny rugs feature richly colored, hand applied layers creating a charming focal point to your room.

Penny rugs beautifully compliment both primitive decor and contemporary decor.

They can be used alone, or paired with tiers, panels, swags, and even prairie swags to create the perfect silhouette for your window. Our valances measure 60" to 72" wide and vary in depth between 11" and 16". Each valance is designed for widths up to 48".

■ **TIERS** provide added privacy or coverage and are the perfect complement to all our top treatments. Tiers can even be paired with a second set of tiers top and bottom for a café look! Our tiers are sold in pairs that measure 72" wide and either 24" or 36" long. Each pair is designed for widths up to 48".

■ **SWAGS** offer a beautifully soft top silhouette to your window! Like valances, swags can be used alone for a minimal look or to inexpensively switch out patterns for a nice seasonal change. They can also easily be paired with tiers for more coverage and privacy. Our swags are sold in pairs that measure 72" wide and 36" long. Each pair is designed for widths up to 48".

■ **PANELS** offer a traditional look with full coverage for your windows. They can be used alone or paired with a valance on a wide or double window. Our panels come in pairs with coordinating tie backs, and measure either 63" or 84" in length. Consider unlined or sheer panels to allow filtered light with moderate privacy coverage, or lined panels for a custom look at an affordable price.

■ **PRAIRIE CURTAINS** are the newest country silhouette! Prairie swags combine the best of two worlds, offering the coverage of a panel with the more casual look of a swag, and a sweet vintage look to boot. Our prairie curtains are sold in pairs that measure 72" wide and 36", 57" or 63" long. Each pair features a drawstring gather, and can be adjusted to fit widths up to 48".

■ **FISHTAIL SWAGS** create a more formal custom look for your window. Like valances, fishtail swags used alone make it possible to inexpensively switch out patterns for a nice seasonal change. They can also be paired with tiers for more coverage and privacy. Our fishtail swags measure 145" wide and 25" long and can be used on window widths up to 84". The wider the window, the shorter the drop.

CHOOSE YOUR WINDOW TREATMENT

- 1 First, determine the shape, drape and coverage you'd like for your window. Take the time to measure your windows and consider the quality of light you'd like for your room. Use the photos on these two pages for some creative suggestions.
- 2 Second, search for the perfect fabric! Below each fabric swatch on the following pages, is a quick color reference and a list for each style available in that pattern.

LET'S GET CREATIVE!
