DRESS YOUR WINDOWS!

With a kaleidoscope of style & pattern options, we can dress every window in your home!

VALANCES are easy and inexpensive to switch out for the season! Use alone or pair with tiers, panels, swags, and even prairie swags.

TIERS add coverage and compliment our top treatments. Tiers can even be paired with a second set of tiers top and bottom for a café look! Sold in pairs that measure 72" wide and 24" or 36" long.

FISHTAIL SWAGS create a formal look for your window. Use alone or pair with tiers for more coverage and privacy. Measure 145" wide and 25" long for use on window widths up to 84".

SWAGS give windows a soft top silhouette! Use alone for a simple look or easy seasonal change. Pair with tiers for more coverage. Our swags are sold in pairs that measure 72" wide and 36" long.

PRAIRIE CURTAINS combine the best of two worlds, offering the coverage of a panel with the more casual look of a swag, and a sweet vintage look to boot. Gathered with an adjustable drawstring for use up to 48" wide. Sold in pairs that measure 72" wide and 36", 57" or 63" long.

PANELS offer traditional full coverage for your windows. Use alone or pair with a valance on a wide or double window. Sold in pairs with coordinating tie backs, and measure either 63" or 84" long.

TIPS ON CHOOSING YOUR WINDOW TREATMENT

- 1 First, determine the shape, drape and coverage you'd like for your window. Measure your windows and consider the quality of light you'd like for your room. Clicking on any of the styles shown on this page will take you to our website where you will see the full range of that style!
- 2 Second, search for the perfect fabric! With hundreds of color combinations and motifs, you'll be sure to find just what you're looking for!
